

Demographics overview

Fermilab’s workforce consists of 2,160 employees (as of September 30, 2023), who are 28 percent female and 72 percent male. The graphs below shows the overall workforce distribution by gender, race/ethnicity and field of work.

As of September 30, 2023

SCIENTISTS: Scientists and guest scientists
ENGINEERS: All engineering positions including guest engineers
POSTDOCS: Research associates and associate scientists
COMPUTING: Computing professionals, excluding those with scientist job titles
TECHNICAL: Technical support staff, engineering physicists, application physicists and accelerator operations professionals
MISSION SUPPORT: All other employment categories including administrative personnel

Workforce distribution

The tables below shows the overall workforce distribution in percentage (top) and absolute number (bottom) by race/ethnicity and field of work as of September 30, 2023. You can filter gender by breakdown selection.

MISSION SUPPORT: All other employment categories including administrative personnel

Trends

The first chart shows Fermilab’s workforce increase over the last couple of years. The representation of women has recently increased to about 28% of the total workforce. The representation of veterans remains relatively constant. The representation of individuals with disabilities increased to about 2.6% of the workforce.

As of September 30, 2023

SCIENTISTS: Scientists and guest scientists
ENGINEERS: All engineering positions including guest engineers
POSTDOCS: Research associates and associate scientists
COMPUTING: Computing professionals, excluding those with scientist job titles
TECHNICAL: Technical support staff, engineering physicists, application physicists and accelerator operations professionals
MISSION SUPPORT: All other employment categories including administrative personnel

Racial and ethnical diversity

Racial and ethnical diversity continues to grow. The chart does not include 'not specified' race/ethnicity and 'two or more races'. Percentages are rounded to integer.

As of September 30, 2023

- SCIENTISTS: Scientists and guest scientists
- ENGINEERS: All engineering positions including guest engineers
- POSTDOCS: Research associates and associate scientists
- COMPUTING: Computing professionals, excluding those with scientist job titles
- TECHNICAL: Technical support staff, engineering physicists, application physicists and accelerator operations professionals
- MISSION SUPPORT: All other employment categories including administrative personnel

Underrepresented racial and ethnical diversity trend

The chart shows the trend of underrepresented race/ethnicity groups over the last eight fiscal years.

As of September 30, 2023

Dashboard

This dashboard includes several pages. To navigate it use its top navigation menu or the right and left arrows on your keyboard. Some of the pages offer the possibility to dive in further filtering data by breakdown selection – use the drop-down or checkbox filters on the page to select or clear dimensions. Data displayed on charts or tables on the page will be filtered according to your selection.

On the visualization where the zoom option is enabled, click and drag to select the portion you want to magnify. To zoom out click the Reset Zoom button.

A static version of the demographics dashboard is available for download in pdf format. Please visit <https://www.fnal.gov/pub/about/demographics/> to find the download link.

Data

Data refers to full-time and part-time employees as of September 30, 2023, and does not include subcontractors or temporary employees.

To maintain confidentiality, absolute numbers are rounded off to the nearest 5. Percentages are rounded to the integer or first digit. Due to rounding, totals may not exactly match across different visualization.
